**WESTMINSTER SUITE**

Implementation & Experiences of DIBH over  
the Years.

**Nienke Weitkamp** RTT  
University Hospital Zurich,  
Switzerland

Evaluation of SGRT to Perform DIBH  
Technique for Radiation Therapy of  
Left-Sided Breast Cancer.

**Daniel Zarate**  
Medical Physicist,

**Dr Baptiste Pichon**  
Radiation Oncologist,  
Clinique Pasteur,  
France

Robustness of DIBH VMAT Treatment Plans of  
Left Breast Cancer with SGRT; a Comparison  
to 2 French Clinics.

**Magali Sandt**  
Physicist,  
Centre Léon Bérard,  
France

**CLINICAL CASE  
STUDIES**

**PARK SUITE**

Amazing what You Can Do if You Hold Your  
Breath. DIBH, SABR & SGRT Case Study.

**Sandra Paul**  
Head of Treatment,  
The Alfred, Australia

Using Surface Imaging to Address CT Field of  
View Issues.

**Robin Taylor**  
Radiotherapy Physicist,  
Raigmore Hospital, Scotland

SGRT in Axilla Mass Treatment

**Carol Bagnall**  
Clinical Specialist Radiation Therapist,  
St Vincents Private, Ireland

Advanced Squamous Cell Carcinoma of the  
External Auditory Canal: 3D Surface Imaging  
Monitoring with AlignRT and without any Mask:  
A Case Report.

**Dr Veronique Favrel**  
Radiation Oncologist,  
Institut Paoli-Calmettes, France

Quality Improvement with the Use of the  
AlignRT Surface Statistics Function for  
Fraction Zero.

**Simon Johnson**  
Senior Radiographer,  
United Lincolnshire Hospitals, UK

**QA, COMMISSIONING &  
IMPLEMENTATION**

**THAMES SUITE**

Commissioning and Clinical Implementation of  
Gate CT for 4DCT and DIBH.
